

League Facts

We Register... millions to vote and *defend* voting rights.

We Monitor... government activities, from city councils and school boards to state legislatures and the U.S. Congress.

We Teach... citizens about their rights and responsibilities.

We Sponsor... candidate debates and public issues forums.

We Inform... through League's in-depth and balanced issues analyses and LWVLVV monthly local programs.

We Take Action... We Lobby... We Testify... on the issues you care about.

We help put Laws on the books. Every national League position is based on nationwide study and consensus among members. In the consensus process, members draw on balanced pro/con materials. Once a position is reached, the League marshals all of its tools to influence the shape of public policy. Grassroots lobbying efforts are the key to the League legislative success. Strategies include testimony, letters and telephone calls to key legislators, working in coalition with other groups, community outreach and media campaigns.

Does the League support parties and candidates?

No. Never. The League is political, but strictly non-partisan. Our *members* decide what issues the League will address and what action the League will take on the issues.
